## FAIL TO AGREE ON WAGE SCALE

### JOINT CONFERENCE AD- JOURNED SINE DIE

**Operators and Miners Unable to  
Adjust Differences—Work  
Will Suspend Saturday Unless  
Something Intervenes.**

Indianapolis, Ind., March 29.—The joint conference of the bituminous miners and operators adjourned sine die to day, after failure to agree upon a wage scale to go into effect at the expiration of the present scale next Saturday.

The disagreement came after a struggle lasting ten days and not only disrupts the interstate agreement which has existed since 1898 between the operators and miners, through which wage scales and other differences have been adjusted, but it affects 25,000 bituminous coal miners, who will suspend work after Saturday unless something not anticipated or foreseen intervenes in the interest of peace.

The final vote was upon the motion, offered by President Mitchell to adopt the wage scale of 1903, which would have been an increase of wages of 5.55 per cent. The operators of Illinois, Indiana and Ohio voted against the proposition, which defeated it, and disruption of the conference followed. The operators of western Pennsylvania and miners of the four states voted for it.

Following the adjournment, National Secretary Wilson, of the mine workers, said:

"There is no likelihood of anything further being done. This means suspension of work. The national convention of miners will meet to-morrow morning. The principal business will be to determine upon a general policy. The question especially to be considered is whether the organization will permit the miners to work in districts and mines where the advance demanded is offered."

F. L. Robbins and other operators, representing about one-third of the coal production of western Pennsylvania, Ohio, Indiana and Illinois, offered to pay the advance and urged the miners to accept and continue work in their mines, even though other mines should be idle. The convention of miners to-morrow will take action upon this situation to determine whether to permit this or demand that all miners suspend work until all have been paid the advance.

The session of the miners' convention to day formally endorsed the demand for the 1903 scale and the miners cast their final vote in the joint conference for this demand as their ultimatum. The Illinois, Indiana and Ohio operators adhered to their position not to pay any advance. The debate to day was marked by considerable feeling. One of the dramatic events was a dispute between Mitchell and Clarence Parker, president of the Madison Coal company, in which the latter intimated that Mitchell had accepted favors from his railroad. Mitchell vehemently denied this and demanded that Parker withdraw the statement.

W. D. Ryan, secretary of the Illinois miners, explained that it was he who had asked for transportation for a member of Mitchell's family, and a stated that Mitchell knew nothing whatever of it. Parker then withdrew his statement. Mitchell discussed at length the alleged evils resulting from railroad ownership of coal mines.

One of the earnest pleas of the operators to pay the advance asked for was made by D. C. Thomas, general manager of the New England Coal company, who urged that even a loss of profit was better from a business standpoint than a strike.

During his argument against railroad ownership of coal mines, Mitchell said: "I desire to take up for consideration, not personally, but officially, what I believe is a subject important to the determination of this great question—the relationship between the coal companies and certain railroads. It is matterless to me, and it is matterless to the people of America, whether Parker is president of the Madison Coal company and purchasing agent of the Illinois Central Railroad company, or whether some other man may hold those dual positions, but it is important to the people directly and indirectly involved what that relationship is."

"Mr. Winder stated yesterday that the stock of the Sunday Creek Coal company was owned by the Hocking Valley Railroad company, and if the stock of the Sunday Creek Coal company is owned by the Hocking Valley Railroad company, then it means that they may show a loss of profits or show small earnings on their coal company, and still have large earnings on their railroad company."

Robbins said: "I may say the responsibility of low prices to day is due more to the railroad ownership of coal companies than to their desire to have coal transported at prices that would not otherwise be made, and we have to meet that competition."

Mitchell and Winder explained to the conference that the union miners of West Virginia had been informed that they might work pending the result of the conference. A joint state convention of operators and miners will be held at

Charleston Monday. Mitchell explained, however, that his advice to the men to continue work did not contemplate any extended period.

Mitchell, before the final vote was taken on his motion, explained that his understanding of it was that the motion meant the restoration for two years of the mining scale of 1903 at the various basing points, namely, the thin vein of the Pittsburgh district, the Hocking district of Ohio, the bituminous district of Indiana and the Danville district of Illinois.

Robbins, of the operators, said it could mean nothing else.

**TO REPORT DISAGREEMENT.**

The joint scale committee of the southwestern district decided to report disagreement to the joint conference of that district to-morrow. It is expected that this conference will at once adjourn sine die without agreement. The action of the two conferences will directly cause suspension from work after Saturday of 18,000 miners, unless something unforeseen, like submission of the differences to arbitration, should intervene, and indirectly will affect 26,500 more miners, not including its effect upon the 15,000 miners in the anthracite fields, who were to night ordered to suspend work Monday.

The wage scales of all miners, both anthracite and bituminous, will expire Saturday, except those in Tennessee and Alabama, where the scale expires in September. A national official of the miners said to night:

"It is a foregone conclusion that all miners whose scales expire Saturday will cease work until officially notified by the national district officers that contract arrangements have been made governing their scales."

The miners affected by the disruption of the conference number 381,500, as follows:

Pennsylvania, 190,000.  
Maryland, 5,000.  
West Virginia, 35,000.  
Virginia, 10,000.  
Ohio, 40,000.  
Indiana, 15,000.  
Illinois, 58,000.  
Iowa, 14,000.  
Michigan, 3,500.  
Kentucky, 4,000.  
Southwestern states, 40,000.  
Of these 120,000 are unorganized.

All districts have in the past based their settlements on the result in the central fields. The situation in other districts is:

The Iowa district has always awaited the action of the central field before signing.

The Michigan district is usually governed by the central field's action and has awaited the result of this meeting.

The West Virginia state convention is in session awaiting the outcome of this conference.

The Kentucky Operators' association has representatives endeavoring to get Mitchell's consent to hold their joint convention with a view to negotiating a settlement without any differences as a basis. Consent had not been given this evening.

Central Pennsylvania is governed largely by the central district and orders have been given to cease work Saturday night, pending settlement.

The southwestern district has heretofore followed the central district, as it did to day in failing to agree up the scale.

## ANTHRACITE MINERS

**Ordered by Scale Committee to  
Cease Work in the Three  
Districts Monday  
Morning.**

Indianapolis, Ind., March 29.—The anthracite miners' scale committee to night issued orders for total suspension of mining in the three anthracite districts, beginning Monday morning, April 2. The committee notified President Baer that the miners' scale committee will meet the operators' scale committee in New York city Tuesday. At the close of the meeting to night, Mitchell issued the following statement:

"The committee appointed by the Shamokin convention, Dec. 14, met to night and had under consideration the letter signed by Mr. Baer, dated March 20, and wired him the following:

"If agreeable to you, a meeting of the joint committee will be held in New York at 10 o'clock Tuesday, April 3, for the purpose of further considering the wage scale in the anthracite field."

"The committee having the matter in charge instructed the anthracite miners, except the most necessary to run the pumps and preserve the properties, to suspend work Monday morning, April 2, pending further instructions from the committee appointed by the Shamokin convention. The entire miners' committee will meet in New York at 8 o'clock Tuesday night to hear the report of the joint sub-committee."

The committee which met to night consisted of three executive board members from the anthracite districts, the three national board members from these districts and President Mitchell. These were also present members of the sub-committee to which had been delegated power to formulate the demands in detail and present them. The executive session began at 7:30 to night and at 9:30 the statement was issued.

## ASK FOR AN INVESTIGATION

### STATEMENT MADE BY COAL OPERATORS

**Proposal Made That President  
Roosevelt Appoint a Commission  
to Investigate Question of  
Wage Scale and Other Issues.**

Indianapolis, Ind., March 29.—The coal operators of Illinois, Indiana, Ohio and western Pennsylvania, who have opposed the payment of any increase in wages to miners, met to night and at a late hour made public the resolutions which were adopted in executive session.

The preamble sets forth the meeting of the joint conference at the suggestion of the president of the United States and its failure to reach an agreement. The resolution follows:

"Resolved, That we, the coal operators of Illinois, Indiana, Ohio and western Pennsylvania, representing at least 50 per cent of the tonnage in the territory involved, who have felt, and still feel, unable to pay any advance in wages at this time, do hereby propose that the president of the United States appoint a commission to investigate all matters which in the judgment of such commission have an important bearing upon or relation to the scale of wages which should be paid all classes of labor in and about the coal mines of the territory herein involved, and other conditions imposed and insisted upon by the union mine workers of America. Such commission to report to the president of the United States its findings of facts, together with its recommendations."

"Resolved, That such commission shall have power to administer oaths and compel attendance of witnesses."

The resolutions in full were telegraphed to President Roosevelt to night.

**ROBBINS' STATEMENT.**

Indianapolis, Ind., March 29.—A statement was issued late to night to the Associated Press by F. L. Robbins, of the operators, which was endorsed by President Mitchell of the United Mine Workers, as follows:

"The meeting of operators in the Claypool hotel to night assembled under the following call: 'Operators of Ohio, Indiana, Illinois and western Pennsylvania, who are opposed to advancing wages, will meet to night in the palm room at 8 o'clock; do not represent over one-half of the total tonnage of such states. The remaining one-half of the tonnage is produced by the operators who are willing to restore the scale of 1903 for a period of two years, which is a compromise between the demands of the miners and the offer of the operators. The percentage of tonnage represented by the operators who are willing to agree to this compromise is sufficient to avert a national calamity.'"

**NOT UNEXPECTED.**

Scranton, Pa., March 29.—The announcement of suspension of mining in the anthracite region was not wholly unexpected here. The companies have taken it for granted that there is to be a strike and made preparations accordingly. Stockades have been built at the breakers, guards have been hired to protect property and the foremen and office clerks have been asked to sign an agreement to help protect company property in case of strike. All companies, it is understood, will make an effort to operate all washeries and some collieries. The miners, likewise, have been preparing, putting aside money and practicing economies in living.

**ARE SATISFIED.**

Pittsburg, Pa., March 29.—When the news of the disagreement between the bituminous operators and miners reached this city to night several operators, who had not positively declared their opinion on the probable outcome of the conference, freely expressed their satisfaction over the outcome. Since the January meeting the operators of this district have made extensive preparations for suspension. If a strike is finally declared, it is asserted here, that so far as western Pennsylvania and Ohio are concerned, it will be won by the miners, after a suspension of probably thirty days. They base their opinion on the fact that the lake shipping season will open within the coming month and in order to hold their trade in the northwestern markets the operators will be forced to concede the terms offered. By that time it is figured that prices will have advanced to a profitable point and the operators can afford to pay a higher rate for mining.

**SPECIAL GRAND JURY**

**Wanted by District Attorney  
Jerome to Investigate Insur-  
ance Matters.**

New York, March 29.—District Attorney Jerome to day requested Supreme Court Justice Dowling to call a special grand jury in May to investigate life insurance matters developed by the legislative investigating committee. Jerome said he did not want to ask an ordinary grand jury to examine the testimony of the legislative investigation in addition to its

usual work. Justice Dowling took the matter under consideration until to-morrow.

Albany, N. Y., March 29.—The scene of the activities of the joint special insurance investigation committee was transferred to Albany this afternoon, when Chairman Armstrong and Counsel Hughes and other employees of the committee, arrived from New York and went into executive session with other members of the special committee and the two standing committees on insurance. Armstrong brought with him the bills, as amended by the sub-committee, and it is believed the bills would be ready in final form for a report to both houses of the legislature to-morrow.

The assembly to day passed a bill postponing the annual elections of the New York Life, the Mutual Life of New York and the Mutual Reserve of New York and the Security Mutual of Birmingham. There was a brief discussion whether the bill would by any possibility exclude the present directors or officials of these companies from reelection, the consensus of opinion being that it would not. The bill should reach Governor Higgins to-morrow and it is believed he will sign it without delay.

**BILLS FINISHED.**

New York, March 29.—The joint house committee at 1:30 this (Friday) morning finished their work and bill as usually recommended will be reported to both houses to day. The bills relative to lobbying, political contributions by corporations, perjury, falsification of entries, relation and acquisition of railroad property by insurance companies stand substantially unchanged.

The bills establishing forms of policies and relative to cooperative and assessment companies have been consolidated with the general bill amending the insurance law. The most important of the amendments are those relating to investments of insurance companies and expense limitations. Investments in stocks and in collateral trust bonds are still prohibited, but the companies are permitted to retain collateral trust bonds now on hand. These are said to amount to between \$5,000,000 and \$10,000,000.

**HOUSE.**

To day was a busy day for the house, considerable progress having been made on the legislative, executive and judicial bill. The committee on appropriations suffered defeat in the committee of the whole by a vote of 35 to 22 expunging a paragraph from the bill which was alleged to be a property a part of the postoffice appropriation bill. An increase of \$100,000 over the appropriation carried by the bill was voted for confidential agents of the interior department to aid in ferreting out band brands.

**SENATE.**

The senate to day listened to speeches on the railroad rate bill by Clay, Crammett and Newlands, and then passed a bill for reorganization of the medical department of the army by authorizing the appointment of officers to take the place of retired surgeons.

All senators who spoke on the rate bill indicated their purpose to support it, but Clay expressed the hope that it would be so amended as to afford a limited court review of the orders of the interstate commerce commission.

Hale criticized the military medical bill as showing a tendency to increase the size of the army, which he said was not desirable in time of peace.

**CAPITAL NOTES.**

At a meeting of the Republican members of the Wisconsin delegation in congress to day, Davidson of the Eighth district was chosen as Wisconsin's member of the Republican congressional campaign committee, succeeding Representative Balceck, who retired as chairman of that committee at his own request. It is supposed that Davidson will be chosen secretary of the committee.

The house committee on Indian affairs to day authorized a favorable report on the Burke bill directing the court of claims to adjudicate for the payment of annuities which would have been due the Sisseton and Walperton Indians but for their participation in the Sioux outbreak in 1862. The Indians claim \$2,714,775 as the amount due. The government estimates the amount at \$1,623,382.

**COOK COUNTY SHERIFF DIES.**

Chicago, March 29.—Thomas E. Barrett, sheriff of Cook county, died at his home here this morning at 10:35, after a lingering illness of cancer of the throat.

Thomas Edward Barrett was always recognized as a leader in Cook county politics. He was a staunch Democrat, being the first of that party elected sheriff of Cook county in twenty-four years. He was many times honored by the Democracy, serving as delegates to both national and state conventions.

He was born in Chicago in 1861. His business career began as a boy on the board of trade, of which he was a member when elected sheriff in 1902.

**RIOTING AT WINNIPEG.**

Winnipeg, Ont., March 29.—Serious rioting occurred to day, when an attempt was made to run street cars with strike breakers from Chicago. Many persons were injured. Troops will be placed in the streets to-morrow should rioting be resumed.

**HEARST WILL NOT RUN.**

Chicago, March 29.—"I am in no sense a candidate." With these words William Randolph Hearst met an inquiry concerning presidential timber and issues for the campaign of 1908. Although at first unwilling to comment upon the topic, as being an event too far in the future, he denied having any designs upon the Democratic nomination.

Hearst followed up this declaration in the following manner:

"In the last campaign there was an obvious disposition on the part of corporation Democrats to secure control of the party, and they put up a reactionary candidate. I was interested in opposing this movement and got into a tight position."

**ARCHBISHOP IRELAND.**

Rome, March 29.—Archbishop Ireland to day visited Cardinal Satolli, former papal delegate at Washington. Archbishop also visited Papal Secretary of State Cardinal Merry Del Val.

## TO RESTRICT IMMIGRATION

### BILL OF SENATOR DILLING- HAM SUBMITTED

**Numerous Changes Made in  
Present Law—Busy Day in the  
House—Speeches on Rate Bill  
in Senate—Capital Notes.**

Washington, March 29.—Senator Dillingham to day submitted the report of the committee on immigration on his bill amending the immigration laws. The changes made in the present law are numerous. The head tax on incoming aliens is increased from \$2 to \$5, and steamships are subject to a fine of \$100 for bringing to the United States any person prohibited from entering by reason of afflictions of mind or body. The present law provides for such fines only in the case of aliens afflicted with loathsome or contagious diseases. The bill adds to the classes of aliens now excluded by law, all imbeciles or feeble-minded persons who are mentally or physically defective, such defect being of a nature which may affect the immigrant's ability to earn a living; children under 17 years of age, unless accompanied by parents, and also strengthens the provisions excluding polygamists and criminals.

The bill establishing forms of policies and relative to cooperative and assessment companies have been consolidated with the general bill amending the insurance law. The most important of the amendments are those relating to investments of insurance companies and expense limitations. Investments in stocks and in collateral trust bonds are still prohibited, but the companies are permitted to retain collateral trust bonds now on hand. Hearst expressed a belief that President Roosevelt would run for a third term.

**ALEXANDER IN HOSPITAL.**

Greenfield, Mass., March 29.—James W. Alexander, former president of the Equitable Life Assurance society, arrived here to day and was driven to a private sanatorium at Deerfield, where he plans to remain several weeks in recovering from the effects of two surgical operations performed in New York recently.

**PRIZE FIGHTER DIES.**

Toronto, Ont., March 29.—Shepherd Weyer of Manchester, England, one of the contestants in the bantam fly pounds class at a boxing tournament here to night, showed signs of collapse in his bout with Robert Lauder and the referee stopped the fight. Weyer was removed to a hospital, where he died an hour later.

**FLOOD REPORTS.**

St. Louis, March 29.—The Mississippi river to night registered 21.5 feet, less than six feet below the danger line, and is still rising at the rate of a foot in twenty-four hours. The danger line was reached at points near Humboldt, Mo., to day.

Waterloo, Iowa, March 29.—The waters of Cedar river are receding rapidly. From the lowlands south of the city the report comes from farmers that stock was washed away and much damage done to buildings. Westfield is now showing above the water, but mud and slime covers everything and inspection of houses shows everything to be ruined. The street car company is rebuilding their track to Cedar Falls and the Rock Island and Illinois Central railroads are repairing their roadbeds at Waterloo and Cedar Falls.

**RUSSIAN ELECTIONS**

**Constitutional Democrats Win  
in Cities and Towns in St.  
Petersburg District.**

St. Petersburg, March 29.—The constitutional democrats have won a sweeping victory in municipal elections in cities and towns in St. Petersburg district, outside the capital itself. Their ticket, including one of the Hessen brothers, who were concerned in the movement to set up a provisional government in January of last year, following the massacre of workmen in St. Petersburg, completely buried the conservative parties. It is understood the delegation took a solemn pledge to demand that the national parliament call Premier Witte and Minister of the Interior Durnovo to answer for acts of repression committed since the manifesto of Oct. 30.

**MOROCCAN REFORMS**

Algiers, Spain, March 29.—The plenary sitting of the conference on Moroccan reforms to day discussed customs, tariffs and public works, and agreed regarding a number of details, the remainder going over until Saturday. The delegates conferred privately relative to the police and bank questions in order to reach absolute unanimity on those subjects before they come up in conference for ratification.

Mr. White, senior American delegate, denies the authenticity of alleged interviews with him which have been published in London and Paris newspapers, stating that the delegates foresee a probability that the next meeting of the conference will be his last.

**PERMIT POLISH LANGUAGE.**

Warsaw, Russian-Poland, March 29.—Under orders from St. Petersburg the inspector of schools will permit the use of the Polish language as the language of instruction in all schools and universities of Poland.

**TO CLOSE DIVES.**

New York, March 29.—Acting under instructions from Police Commissioner Bingham, Inspector Schmittburger to day notified twenty owners of houses in which negroes congregated nightly to dance, sing, drink, fight and rob throughout the section of the city known as the "Black Belt," where many race riots have occurred and where white girls are said to have been lured and made prisoners, that the houses must be closed.

The inspector took this action after a personal investigation last night. He was accompanied by his staff detectives.

**STREET CAR MEN STRIKE.**

Oakland, Cal., March 29.—At an early hour this morning after an all-night session, the motormen and conductors of all the street car lines in this city, Mameda and Berkeley voted to strike. The final vote was 492 to 57. The men are seeking an increase in wages and improvement in working conditions.

**BRITISH INDEMNITY.**

London, March 29.—The Shanghai correspondent says the British government will claim as indemnity for the Nanchang murders 7,000 taels and the opening of the port of Wuchang.

**GOVERNOR PATTISON'S CONDITION.**

Columbus, Ohio, March 29.—Governor Pattison's condition took an unfavorable turn to night, but it is not considered as alarming.

## ONE HUNDRETH ANNI ERSARY

### CENTENNIAL OF TRAPPIST MONKS

**Preparing for Celebration at  
Monastery in Kentucky—Now  
Possess an Estate of 1,750  
Acres—Their Life.**

Danstown, Ky., March 29.—Interest has been revived in the Trappist monastery at Clatskanie, in this county, on account of the plans being made to celebrate the 100th anniversary of the community's settlement in Nelson. The life of a Trappist in a hard one, and for one hundred years they have lived a life of silence and self-denial. They own an estate of 1,750 acres, which they cultivate. The monastery is about a mile and a half from the railroad station, and the community is not disturbed by any affairs of the outside world. They own their own stock of all kinds, and have recently erected at great cost a barn for housing their stock, which is superior to anything of the kind in the state, and is an object of interest to all who visit the abbey. They also have their own mill, church, school and library. The monks are obliged to rise at 2 a. m. for matins in the church, which lasts until 3:30. After an interval occupied in private devotion, they go to their office of prime, or the first canonical hour, which is generally followed by a lecture. At 7 o'clock they begin their tasks indoors or out, according to the weather. On Sundays they rise at 1:30 a. m. and because of the fact that they do not work in the fields or elsewhere on that day, their devotions are more elaborate than on week days.

Perpetual silence is enforced except in cases of necessity. The order is founded on the principle of perpetual prayer and self-abnegation.

The minor practices are devised so as to remind the monks at every turn of the shortness of life, and the rigor of the last judgment. The bed of the monk is but a handful of straw on an iron frame. This is to remind him that the last fragment of earthly comfort is denied him.

The Abbey of Gethsemane has long been famous as a retreat for Catholic priests, who go there voluntarily by order of their superior to do penance. Laymen also go there for the same purpose. The Trappist first came to Nelson county in 1865 from France, but they soon removed west to do missionary work among the Indians. They were succeeded later by other members of the order, who purchased the present estate on Patterson's creek. They established a school, which is still conducted by the brothers of the order. Father Oberholt, the present abbot, who is now in Arden doing missionary work, has collected one of the finest libraries in Kentucky. It is valued at \$100,000. He has secured some rare volumes from all parts of the world, some of the books costing as much as \$500 each. It is the intention of the order to build a fire proof library building as soon as the abbot returns from Africa.

**BECAME CONVERTED**

**And Confesses to Arson—Implicates Another.**

Yankton, S. D., March 29.—As a result of a confession said to have been made by Elmer Jordan of Vermillion, Richard Bruessaweller, formerly a student at the University of South Dakota at Vermillion, was arrested here to day on a charge of being implicated in the burning of several buildings in Vermillion last summer. Jordan's confession was the result of his conversion at a revival which was held at Vermillion last week. Fires which were set by incendiaries last summer caused the loss of about \$20,000.

**APPOINTED SHERIFF.**

Chicago, March 29.—James Pease, formerly sheriff of Cook county, was to day appointed by the board of county commissioners to fill the vacancy occasioned by the death to day of Sheriff Barrett.

**REVOLUTIONISTS KILLED.**

Rechtien, Russia, March 29.—Artillery bombarded and set fire to the house of a revolutionist named Botchakov, who, together with his son and an unknown man, perished in the flames.

**VICTIM OF ELEVATOR.**

Washington, March 29.—Mrs. Mary C. Wallace of Denver, Colo., who was injured in a public elevator in the senate wing of the capitol to day by attempting to leave the car while it was in motion, died shortly before 6 o'clock this evening.

**BRITISH INDEMNITY.**

London, March 29.—The Shanghai correspondent says the British government will claim as indemnity for

## TUBERCULAR CAMPAIGN

### WILL BE STARTED UNDER LOCAL AUSPICES.

**Morgan County Medical Society Active in Movement of Wide-spread Interest—Public Meeting For Next Month—Some Plans.**

Active steps are soon to be taken by the Morgan county medical society to bring about an organization of an association for the prevention and cure of tuberculosis. The local organization to be a branch of the Illinois State association for the Prevention of Tuberculosis. Arrangements are being made for a public meeting to be held the latter part of April when a speaker of national reputation will be present and make an address. Effort is being made to enlist all persons who are phthisically minded and, especially those of tubercular families or persons having the disease themselves.

It has been demonstrated since the organization of the league in Illinois that a marked decrease in the mortality of patients afflicted with the disease could be made if patients were warned of pitfalls and directed along lines that would assist them in their combat of the disease. The measures advised are within the reach of all and the prevention of consumption is largely a matter of hygiene. It is not so much the kind or amount of medicine the patient takes as the amount of fresh air and sunlight and other benefits at nature's disposal that produce the desired results of warding off the disease and effecting a cure after the disease is contracted.

The movement is not one of exploitation for any one or for any society or in the interest of anything but the good of humanity and the widespread interest that has developed in all parts of this and other countries shows the tremendous importance the subject is engaging. The congested and cosmopolitan life that centers in our cities has increased the number of tubercular cases and an effective campaign against its continuance and spread has become in the minds of both medical authorities and laymen, imperative.

More information regarding the local organization will be given through the local press from time to time and all who feel interested in this movement, which the Morgan county society has taken the initiative in promoting, are urged to give their names to the members of the committee of the society, which is composed of Dr. J. W. Haigrove, chairman, Dr. Allen M. King and Dr. T. O. Hardesty.

Peoria, Danville, Streator and other cities of Illinois have started movements looking forward to organizations of the above character and it is expected other cities of the state will follow their example.

It will be the purpose of the organization to maintain a headquarters where information can be obtained by a tubercular patient as to the best care to take of himself and the proper exercise, proper diet, etc., all of which information will be furnished without charge upon application to the person in charge of the headquarters. The movement seems to be intensely practical and the physicians should be given hearty cooperation by their fellow citizens.

## THE COAL STRIKE

**Wouldn't Hurt You Half as Much if You Had a Peck-Williamson Underfeed Furnace.**

This is no boast or brag, but a statement I am prepared to substantiate by people in Jacksonville who have used them. The fact is, when any person of ordinary intelligence investigates the subject he is at once convinced. Now listen: when you put coal on a fire, which you have to do several times a day with an ordinary furnace, a good part of the strength of the fuel is lost in smoke, gas and getting the fresh fuel burning. The Peck-Williamson furnace reverses this. The fire once started is clear always on top and coal is not fed it in that way, but from underneath. It is poured into a hopper and pushed up under the fire and in any quantity to suit so that in most instances you don't have to attend the furnace more than once a day except in very cold weather. The gas and smoke are consumed and the fire once started is always clear. There are persons in Jacksonville who are using mine run and even slack in the Peck-Williamson furnaces with entire success. In this way clinkers are far less, ashes, dust and smoke are largely eliminated and your fuel goes almost twice as far as in the top fed furnaces. Then, too, the fire is far more even and steady, giving so much better satisfaction. The furnace is heavy and durable and when once you get it hot it is kept so with the least trouble possible. It can be used in a cellar with the least height of any first class furnace and it one of the best and most scientific heating plants made for dwellings. I mean what I say and am prepared to back up my assertions. Please call at my place of business.

231 West Court street, and let me figure with you. If you are building or need a furnace I can save you money.

## POLITICIANS AT WAVERLY.

Politics were quite in evidence at the lively barn sale of Carter & Gilpin at Waverly Thursday. Nearly all the Democratic candidates for county offices were present and the glad hand and the fragrant Havana were conspicuously displayed. It is understood that W. S. Lorton decided not to invade the territory of his rival W. B. Rogers and although there were many inquiries for his siren voice it was not heard. John B. Burch, the other rival of Mr. Rogers was not so modest, in fact representatives of the machine take an oath to discard that virtue while they are serving the manum of political bossism.

## FOR HOME MERCHANTS.

Patronize the C. P. & St. L. with your freight business and thus help the home road of our city.

The C. P. & St. L. pay roll in Jacksonville is about \$15,000.00 per month which benefits every merchant in the city whose freight business this home road solicits.

The C. P. & St. L. runs a through merchandise car from St. Louis every night, reaching Jacksonville early the next morning.

The C. P. & St. L. can handle your freight business to advantage from Chicago, Minneapolis, St. Louis, New York, or in fact from any point.

## DO NOT NEGLECT A BAD COLD.

Never allow a cold to take its course. Too often at this season of the year its course is towards pneumonia. Chamberlain's Cough Remedy will promptly cure your cold and dispel all danger of that disease. There is nothing better for acute throat and lung troubles. For sale by all leading druggists.

## REV. GEO. W. RULAND

Restored to Health by Vinol and Strongly Endorses It.

Prominent men from all parts of the country are endorsing Vinol, and strong testimonial letters from four ministers of the gospel and several physicians have been received within a week. Such unsolicited testimony as this is the best proof of merit any medicine can have.

The Rev. George W. Ruland of Keene, N. H., writes: "I have used your cod liver oil preparation, Vinol, as a tonic, and I do not believe there is any other medicine that can equal it. It built me up and strengthened me when run down and overworked. Vinol has done for me more than was claimed for it."

"We honestly believe there is no other remedy or cod liver oil preparation known to medicine that has the healing, strengthening power which Vinol has, and if it fails to create strength and health for run down, debilitated people, old people, weak, sickly women and children, nursing mothers, and after a severe sickness, or if it fails to cure a hacking cough, chronic cold, throat or bronchial trouble, or to make those who are too thin fat, rosy and healthy, we will return every cent paid us for it."

"Is there a sick, ailing or aged person in Jacksonville who can afford to ignore this generous offer?"—Lee P. Alcott, Druggist.

## CASE DISMISSED

**Sunday Theatre Question Not Raised Before Justice Reids—Ordinance Inadequate to Cover Point Involved.**

The case against Mr. Bernstein for conducting the Bijou theatre on Sunday came up before Justice Reids Thursday morning, but City Attorney Morrissey felt that a conviction under the present ordinance would not be possible, and accordingly dismissed the case. The ordinance is as follows:

"Section 1—Whoever disturbs the peace and good order of society by labor (work of necessity and charity excepted), or by any amusement or diversion on Sunday, shall be fined not less than twenty-five nor more than two hundred dollars. This section shall not be construed to prevent watermen and railroad companies from landing their passengers, or watermen from landing their cargoes, or ferrymen from carrying over the water travelers and persons moving their families, on the first day of the week, nor prevent the due exercise of the rights of conscience by whomsoever thinks proper to keep any day as a Sabbath."

From this it will be seen that the case of the Bijou was open to a doubt, and in view of that the city attorney did not deem it wise to proceed with the trial. It is to be regretted that this is the case, for the Journal is unalterably opposed to Sunday theatres within the corporate limits of the place. Settling aside any moral considerations, we cannot afford to secularize the one day of rest in any such manner. Sunday theatres compel many to work and lessen respect for the best day of the week and work harm in many ways. Jacksonville is a beautiful city, but has not yet attained such metropolitan proportions as to justify any such innovation as a Sunday place of amusement. The Bijou is open six nights a week lawfully and affords ample opportunity to all to enjoy its attractions, for very few persons in this city labor in the evening. Certainly the sentiments of a great majority of the tax payers of the city will be against Sunday theatres and they will back up every effort of the city government to suppress them.

## KITTY LEAGUE NEWS.

The umpires appointed are G. C. Bush of St. Louis, Edward Hackett of Kansas City and W. W. Veach of Indianapolis. Of the three men Bush is the only one known in these parts of the woods. He was given a trial in the league last season, but because he enforced the rules in rather a more severe manner than previous umpires, and because Princeton objected to him in that city, he was released. President Gosnell and the officials of the Cairo clubs always thought well of Bush and it was this reason that he was appointed this year. He is considered a good man, one who knows the game and one who will take no back talk from players.—Cairo Citizen.

The sporting writers in the three new towns are not well posted concerning the prowess of the Kitty leaguers of last year and confess themselves as somewhat at a loss in figuring out the league finish. It might also be argued that the Cairo, Vincennes and Paducah writers do not know anything about the men signed up here, but that does not keep them from making predictions.—Mattoon Journal-Gazette.

The scorers appointed are all newspaper men, and each has been recommended by the management of the different teams. The list is as follows: Vincennes, Perry D. Green; for Paducah, Eddie Rollston; for Danville, Howard Shrouds; for Jacksonville, George W. Davis; for Cairo, M. J. Farnbaker, and for Mattoon, Frank Hermann.—Cairo Citizen.

## KILLED AT SPRING VALLEY.

Edward Hamilton, male boss at mine No. 5, at Spring Valley, Bureau county, was killed recently by being crushed beneath a loaded car of coal. He was very popular in Spring Valley and also had many friends here. Mrs. S. P. Carter of this city is a sister. He was born in Franklin, this state, and was married in Spring Valley to Miss Bessie Carmichael. He leaves his wife, his parents and three sisters.

Mr. Hamilton will be remembered by many here as he lived with his parents at 458 Hardin avenue from 1889 until 1892, and attended the Third ward school. In the latter part of 1893 he went with the family to Roadhouse, and later they removed to Sparland, Ill., where they remained until 1896, when the family located in Spring Valley, where they have since made their home. After marriage he located at Dazell, near Spring Valley.

**TYPOGRAPHICAL ERROR.**  
Readers of the Globe Democrat were startled Thursday by the bold headline: "Yates to Spend Millions in Alabama," and at once began wondering if the ex-governor had any designs on the sunny south; but the article which followed showed that it was Gates, the well known multi-millionaire, who was thinking of this investing, and the headline was a typographical error. City papers, as well as those published in smaller places too, do make mistakes sometimes, only it is not so bad in the estimation of many in the smaller places for the big dailies to be in error.

**SPECIAL ASSESSMENT NOTICE.**  
Notice is hereby given to all persons interested that the City Council of the city of Jacksonville, having ordained that a pipe sewer be constructed on Franklin street in said city, from the center of East street, thence east 540 feet, the ordinance for the same being on file in the office of the city clerk, having applied to the County Court of Morgan County for an assessment of the costs of said improvement, according to benefits and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 12th day of April, A. D. 1906, or as soon thereafter as the business of the court will permit. All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Said Special Assessment shall be divided into ten installments, which installments shall all be equal in amount except that, fractional installments shall be added to the first, and shall be due and payable on the 2d day of January next, after completion and acceptance of the work, and the second installment one year thereafter, and so on annually until all are paid. All installments except the first shall bear interest at the rate of 5 per cent per annum.

**BRINGS ANOTHER SUIT.**  
Indianapolis, Ind., March 29.—Attorney General Miller, acting on behalf of Governor Hanly and Auditor Bigler, filed suit in the Boone county circuit court against A. C. Daily, ex-auditor of state, for \$30,000, which Governor Hanly's experts say Daily illegally withheld from the insurance taxes. This includes 6 per cent interest on deferred payment and 10 per cent penalty for failure to settle according to law.

The Fine Point club will meet this afternoon at 2:30 o'clock with Mrs. F. J. Andrews.

### ANNUAL MEETING STATE STREET

Presbyterian Church Held—Excellent Supper Served by Men of the Congregation—Election of Officers—Reports of Auxiliary Societies.

The annual banquet and business meeting of State Street Presbyterian church was held Thursday evening and was attended by a large and enthusiastic congregation. The church was well filled at 6:30 o'clock and when supper was announced at 7 o'clock over two hundred persons were seated at the tables. In order to accommodate the large crowd tables were set in the Sunday school room and the room upstairs. The tables were beautifully and artistically decorated for the occasion, the flowers being used were the gift of J. Heid & Sons. The supper last year was the first ever served by the members at the annual meeting and it was such a success that it was decided then to make the supper an annual affair. The preparations and serving of the supper last night was by the men, who deserve much credit.

The menu consisted of cold sliced ham, cold tongue, baked potatoes, escalloped oysters, pickles, coffee and ice cream and cake.

Those who did the work in the kitchen were L. O. Vaughn, Edward Whitmer, John Siebert, James Brown, Felix Farrell, C. A. Johnson and John Johnson. The head waiter for the tables down stairs was Walter Ayers and for the tables upstairs T. M. Tomlinson. The waiters were Frank Doolittle, Dr. J. C. Widenham, Dr. A. J. Adams, Edward Crabtree, Henry Goebel, Ralph Dunlap, Arthur Carriel, Edward Dunlap, H. C. Russell, G. H. Hinton, William Floreth, Jerome Gates, F. W. Sanford, George Seurlock, Harry Brady, Carlton Hook and Mr. Sugdam.

**BUSINESS SESSION.**  
After the supper the annual business meeting was held in the auditorium, Dr. Morry presiding. The clerk, John H. Woods, read the minutes of the last meeting and was followed by reports of the various departments of the church.

The Sunday school statistics were given by Arthur J. Martin, secretary, and further remarks were made by Superintendent Sugdam.

Mrs. J. E. Wharton told of the enthusiastic work of the Shining Lights; Miss Georgia Lutkeneyer reported increased interest in the Christian Endeavor society. Mrs. F. E. Patterson spoke of what the Young Ladies' Missionary society had accomplished, and Miss Emma Allen read a paper upon the year's work of the Woman's Missionary society.

For the Ladies' Aid society Miss Hughes read a report showing its activity in many directions; Mr. E. M. Dunlap spoke briefly for the deacons; T. M. Tomlinson, for the session, gave a report, read by Dr. Cochran, of the increase in church membership, and its losses; Gates Strawn read a paper showing the pains and pleasures of being a trustee, and the arduous efforts of the board to close the year free from debt, and F. E. Farrell, treasurer, presented the financial statement.

All these reports were heard with interest and gave evidence of a year of encouraging progress. Next came the election of officers, resulting in the choice of J. H. Danskin and James W. Brown, as elders; Allen W. Widenham, Ralph L. Dunlap, W. G. Goebel and G. S. Bacon, as deacons, and C. A. Barnes, E. E. Crabtree, Gates Strawn and J. C. Widenham, as trustees.

On behalf of the session, John H. Woods presented the following tribute: "In the departure of Elder E. S. Young and wife for a new field of labor, our church, whose working forces have been so depleted during recent years, suffers a new and severe loss. Brother Young was eminently efficient in all spheres of Christian life and exertion. At Sunday school, at prayer meeting, at church worship, at session councils, his place was rarely vacant. Quiet and unassuming in manner, he yet had that strong influence which ever comes from right living, based on the true foundation of Christian character.

"We shall miss him in almost every department of our church work, and we follow him and his energetic and helpful companion with our gratitude for their deeds and their example here, and our prayers that in their new home they may be abundantly blessed."

Mr. F. E. Farrell and Mr. H. C. Goebel were appointed to represent the church in the reorganization of Passavant hospital.

After some miscellaneous discussion of church finances, and after votes of thanks to the gentlemen who had served the delightful supper, to Mr. Joseph Heid and Sons for flowers contributed, and to Mr. James English for use of oven, the meeting closed with many expressions of satisfaction for one of the most pleasant evenings in the history of the church.

**CHAMBERLAIN'S COUGH REMEDY A FAVORITE.**  
"We prefer Chamberlain's Cough Remedy to any other for our children," says M. L. Woodbury of Twinning, Mich. "It has also done the work for us in hard colds and croup, and we take pleasure in recommending it." For sale by all leading druggists.

**BANK CLOSED.**  
Baraboo, Wis., March 29.—Bank Examiner Bergh to day closed the Bank of North Freedom. No cause was given for closing the institution. Deposits, \$50,000; capital, \$10,000. It is said here that there is plenty of money to pay the creditors.

## WOMAN'S COLLEGE

**FRIENDS OF INSTITUTION WERE IN CONFERENCE**

**At Home of Mr. and Mrs. E. C. Lambert—Pleasant Social Hour Followed by Numerous Short and Enthusiastic Addresses.**

With characteristic enthusiasm and energy the friends of the Illinois Woman's college are coming to the aid of the institution and its worthy president in a concerted effort to meet the conditions of the Carnegie offer. Wednesday the Pastor's Aid society of Grace M. E. church made a pledge of \$500, which makes a total of \$15,500 of the necessary \$75,000 raised. Thursday evening in furtherance of this splendid object, Dr. and Mrs. W. F. Short and Mr. and Mrs. E. C. Lambert opened their home to a limited company of friends of the institution and an informal conference took place. The guests were invited for 8 o'clock, and after a delightful social hour, they assembled in the parlors of the home where Dr. Short rapped for order, and made a few introductory remarks in his usual happy manner. It was indeed fortunate that the opening words could be spoken by an ex-president of the Woman's college, whose personal interest in the institution has always been keen, and whose daughter, Mrs. Lambert, is one of the most valued and active members of the board of trustees.

To the large company present Dr. Short said in part: "I invite your attention at this particular time to the growth of Jacksonville in the last thirty years and the development of its educational institutions. Our city has gained its character and reputation through the educational atmosphere that has here been fostered. The generous offer of Mr. Carnegie causes us all to rejoice, and should be an especial incentive toward uniting the friends of the Woman's college in a systematic and determined effort to make the offer a realization. We are here this evening for the purpose of a friendly conference in this behalf, and the enthusiasm already manifested betokens success in the enterprise upon which we are engaged."

**PRESIDENT HARKER.**

Dr. Short then called upon President Harker, who was greeted with hearty applause as he rose to speak upon a subject that is now and as the people of Jacksonville so well know, has been for over a decade, dear to his heart. In part he said: "The possibility of Jacksonville as an educational center is by no means an idle dream. There is now no well endowed and well equipped college for women in the central west, yet those who have studied the situation are convinced of the fact that there is at the present time an urgent demand for such an institution. Somewhere in the near future such a college will be found. Through the offer of Mr. Carnegie it is possible for Jacksonville to have this honor, the honor of having the greatest woman's college to be found anywhere in the country. The opportunity is before us and our disposition and ability to grasp it is about to be tested. I sincerely hope and confidently expect that the citizens of Jacksonville and the friends of the Woman's college will prove equal to the occasion, and make possible a realization of this laudable ambition."

**DR. T. J. PITNER.**

Dr. Pitner spoke in behalf of the board of trustees, and said in brief: "The trustees of the Illinois Woman's college are personally and collectively deeply interested in the institution and are determined to make it an institution where the full collegiate course will be offered and where degrees will be granted. This has been a goal toward which we have steadily approached in the years that are past."

and so much has been done in this direction in the past that already the school is within one year of the full collegiate rank. As soon as endowment can be secured it is contemplated that by gifts and additional buildings to be erected the college will be able to advance the curriculum to full college standing."

**ALEXANDER PLATT.**

Mr. Platt, another member of the board of trustees, was the next speaker, who said in part: "Through failure to rise equal to the occasion a number of years ago, Jacksonville lost the location of the Illinois State University, which was established mainly through the efforts of Prof. Turner of this city, a man of revered and highly respected memory. The university could have been located here if our citizens had evidenced the faith that Prof. Turner evidenced. That opportunity, however, was lost. Now we are confronted with another opportunity to make Jacksonville the location of a great woman's college, and I believe that mindful of the mistake of the past, we as friends of the Woman's college and as citizens of Jacksonville, will not let the present opportunity slip away. We should, and I believe we will unite in concerted effort to bring this thing to a pass. If we do unite the thing will be done."

Enthusiastic speeches of a similar character were made by Mrs. F. H. Rowe in behalf of the alumnae, Miss Weaver in behalf of the faculty of the college, Miss Stella Sheppard for the athletic association, Miss Siddell for the Y. M. C. A., Miss Miller for Belles Lettres society, and Miss Postel for Phi Nu society.

Congratulations and good wishes were offered by Mr. W. A. Furr, superintendent of the city schools, Mr. J. J. Reece, Mr. George Morrill, Mr. John A. Ayers, and Mr. Ralph Reynolds.

Dr. Harker took occasion to call the attention of those present to the 60th anniversary which will take place in 1907, and for which large plans had already been made.

The pleasure of this delightful gathering of friends in behalf of the Woman's college was enhanced by the fact that it took place in a home where such gracious cordiality is wont to be extended, and at this time the company present were welcomed in a manner that ministered to their personal enjoyment and which aided the cause for which they were brought together.

The friends of the Woman's college seem to have caught the spirit of which Dr. Harker has manifested in his successful management of the school since his incumbency as its head, and such a spirit certainly argues well for the success of present plans. It was the determination of all present last evening that the plans for a greater Woman's college should see a complete realization before the 60th anniversary celebration.

## SPECIAL ASSESSMENT NOTICE

Notice is hereby given to all persons interested that the City Council of the city of Jacksonville, having ordained that a pipe sewer be constructed on South Prairie and Edgemoor streets in said city, from College avenue south to Edgemoor street, thence east to the brook sewer, the ordinance for the same being on file in the office of the city clerk, having applied to the County Court of Morgan County for an assessment of the costs of said improvement, according to benefits and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 12th day of April, A. D. 1906, or as soon thereafter as the business of the court will permit. All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Said Special Assessment shall be divided into ten installments, which installments shall all be equal in amount except that fractional installments shall be added to the first, and shall be due and payable on the 2d day of January next, after completion and acceptance of the work, and the second installment one year thereafter, and so on annually until all are paid. All installments except the first shall bear interest at the rate of 5 per cent per annum.

## MEN'S SOCIAL UNION.

The regular meeting of the Men's Social union of the First Baptist church was held in the church parlors Thursday evening and an exceptionally large number were present. Supper was served at 6:30 o'clock by the Young Ladies' Aid society of the church and a most beautiful repast was provided, which was served in a faultless manner.

Following the supper the regular business of the society was transacted and committees appointed for the special work contemplated.

## PRACTICE GAMES CANCELED.

The practice games to have been played in this city between the Jacksonville Baseball team and the National Business College team of Quincy have been cancelled and the dates thus made vacant will be filled in the near future.

Miss Stella Cole of Illinois college faculty has returned from Panama, where she went to deliver an address before the Tuesday club of that place.

from the track, generally on a down grade, the rear end then running forward and coupling itself to the business end of the string. The loss is generally noticed when the next station is reached, sometimes not for several days, and in some cases the loss has not been accounted for until years later.

Two accidents of this kind were chronicled in the press of neighboring towns this week. One was on the C. & A. at Nebo. The Slater (Mo.), Kuster says that a freight train in charge of Conductor Seipes was going at full speed near Nebo, when, for some unknown cause, the car next the caboose jumped clear of the rails and went down an embankment. The accident happened in the day time and was seen by the train men, who set the brakes on the caboose and prevented it from running into the forward part of the train, the speed of which was slackened by the sudden cutting of the air hose. The accident was supposed to have been caused by a broken truck.

A similar accident is chronicled in the Barry Adage. This happened recently between Griggsville and Valley City. A freight train on the Wash was going down grade at full speed when a car jumped the track and landed in the ditch. The rear section of the train ran forward and coupled itself automatically to the forward section and the loss was not known until the train reached Valley City. This happened at about midnight and is vouched for by the trainmen.

A similar mishap took place on the C. & A. north of this city a few years ago when a car of coal consigned to Bloomington jumped from the rails and was not missed until Bloomington was reached.

W. D. Taylor, chief engineer of maintenance of way for the Alton and C. W. Ling, division superintendent for the Burlington, were in the city Thursday with surveys who were fixing the line for the raising of the Alton tracks by the Burlington people. The tracks are to be raised from front street almost to the Alton passenger depot in order to put in a sub-way at College avenue.

J. E. Fish, division freight agent for the Alton, with headquarters in Peoria, was in the city yesterday on company business.

C. P. Bemis of Roodhouse, trainmaster for the Alton, spent yesterday in the city on company business.

## House Work

### Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration cause fearful bearing-down pains which are aggravated by much standing on the feet, and lifting necessary in house work.

But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism,

## Lydia E. Pinkham's Vegetable Compound

has cured more than one million American Women, and it will cure you. When troubled with painful irregularities, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

### It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system. I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.

TEXT FOR THE INSCRIPTION  
ON THE DEED AND MONUMENT  
OF THE ILLINOIS STATE  
MONUMENT AND MEMORIAL  
TEMPLE, ERRECTED IN THE  
NATIONAL CEMETERY PARK  
AT VICKSBURG, MISS.

Illinois erects this monument in grateful remembrance of the services, the suffering, the sacrifices and devotion of her sons who participated and fell, or fought and survived, on land and water, in the campaign and siege of Vicksburg, from March 23 to July 4, 1863.

The names enrolled within this structure, in marble and bronze, are of the officers and men of Illinois who served in that memorable campaign and siege, and who filled the ranks of the seventy-ninth Illinois organization in Gen. Grant's army.

The people of Illinois, free of malice, full of charity, dedicate this monument as a memorial temple to enduring harmony and peace; and as a shrine to which all may again and again renew their consecration to loyal citizenship, and gather inspiration to the most unselfish and exalted patriotism.

By thy rivers gently flowing,  
From thy prairies verdant growing,  
Illinois, Illinois,  
Comes an echo on the breeze,  
Trausting through the lonely trees,  
And its mellow tones are these—  
Illinois, Illinois.

Not without thy wondrous story,  
Illinois, Illinois,  
Can we wage Nation's glory,  
Illinois, Illinois.

On the records of thy years  
Abraham Lincoln's name appears,  
Grant and Logan and our tears—  
Illinois, Illinois.

A. D. 1906.

**FINAL EXAMINATIONS.**  
The final examination of the pupils of the county schools is to take place to day in the high school building and last evening quite a number of bright young faces were visible on the streets and this morning many more will be seen and the array that will gather in the high school building auditorium will be such as will gratify any one who takes an interest in the rising generation and rejoices in its welfare.

**A FAVORITE REMEDY FOR BABIES.**  
Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all leading druggists.

## DANDRUFF

### A REASON

Is your hair coming out by great combsful? Every combful causing a pang of fear for the future.

Does a white trail of dandruff sift over shoulders?

One bald spot has already appeared. You manage to hide it, but it is spreading rapidly.

Is the hair you have left turning gray or fading and makes you look old and homely when you are still young?

Have you tried many restoratives that gummed your hair into a sticky mass—but, accomplished nothing else?

Then Rexall "93" Hair Tonic is the remedy you need.

Rexall "93" Hair Tonic is wholly free from grease or sediment, and will neither gum the hair nor soil the clothing or pillows. It is clear and clean.

Rexall "93" Hair Tonic stops falling hair and permanently banishes dandruff.

It does this by destroying the cause—the microbes.

Rexall "93" Hair Tonic will quickly cover the bald spots with a vigorous growth of hair. We guarantee to grow hair on all heads where a spark of life remains in the roots and where the follicles have not grown over. It makes a delightful dressing, and keeps the scalp clean and healthy.

We sell a large bottle for fifty cents that we guarantee to do all we have claimed or refund your money.

## LAKE FOREST-ILLINOIS DEBATE

Will Take Place To Night in College Gymnasium—Interest in Contest Keen—Visiting Team Has Arrived.

To night at the Illinois college gymnasium will take place the annual joint debate between teams representing Illinois college and Lake Forest college. There will be three speakers on each side and after all have spoken one speaker from each team will be allowed five minutes for summary. The Lake Forest speakers are Ernest Palmer, W. P. Phillips and Carroll Erskine. The Illinois speakers will be W. T. Harmon, C. A. Carried and J. H. Brown.

The question for discussion is resolved that a "National commission be appointed to fix railroad rates." Illinois will present the affirmative argument and Lake Forest the negative. The judges will be Edward Adeock of Chicago, Jerome Leland of Springfield and L. C. Burgess of Peoria.

These joint debates between Lake Forest and Illinois colleges have been held for a number of years and a keen rivalry exists between the debaters of the two schools.

There will no doubt be a large crowd to witness this forensic contest. The visiting team arrived from Lake Forest last night.

L. O. & R. E. Henry are now ready for all millinery orders.

### ENTHUSIASTIC MEETING.

An enthusiastic meeting of the alumnae of the Illinois Conservatory of Music was held at Academy hall Thursday afternoon. Quite a number of the members of the alumnae association were present and although the meeting was purely for business purposes a great deal of enthusiasm was manifested.

The annual concert of the Academy alumnae is a musical event of the spring season which is always looked forward to with pleasure, and it is hoped that such a concert will be given this spring as usual. The regular working committees of the association were appointed at the meeting Thursday, and at subsequent meetings of these committees the matter will be discussed and decided.

### DO YOU BELIEVE IN 'RECIPROCITY'?

If Jacksonville people believe in looking after those things which tend to help Jacksonville and her citizens, it would be well to see that laundry work is not sent out of the city.

The Harms laundry on South Sandy street is one of the most modern equipped laundries in the state. Every piece of machinery is new and up to date and Mr. Harms has in his employ from twelve to twenty people all residents of Jacksonville. Your laundry work done here will be done just as well as you can get any place in America and your money spent here means more work for Jacksonville people. Is this not a reasonable proposition? Place a trial order.

Mrs. William Barnett who has been visiting her mother, Mrs. Charlotte Piles on Marion street, expected to return to day or to morrow to her home in Denver. Mrs. Barnett says her husband is engaged in contracting and has erected some of the best buildings in several of the large places in Colorado. He was reared in this place and was a brother of Fielding Barnett, whom many will remember. He was always industrious and enterprising and his success in his western home will be a pleasure to many. He has been in Colorado for more than a quarter of a century and has become identified with many of its leading interests.

## UNEXCELLED ATTRACTION

HERMAN'S EASTER MILLINERY OPENING THE EVENT OF THE SEASON.

Throngs of Delighted Persons Fill the Beautiful Apartments During the Day.

A Gorgeous Illumination at Night Equals the Wonders of the Electric Displays at the Great Expositions.

Again the people of Jacksonville and vicinity have been treated to a visit to the emporium of fashion in this our beautiful and cultivated city, and again Mr. and Mrs. Herman have been pronounced by unanimous verdict the leaders of fashion and the purveyors of goods equaled only in the trade and art centers of the land and excelled nowhere. From morning till closing time at 9 in the evening sweet strains of music were wafted on the air by Jeffries' famous orchestra, which was a fine variation from the beautiful creations which filled the beholder with wonder and admiration. Mr. and Mrs. Herman were attentive as ever to the welfare and pleasure of their numerous guests, while an ample force of bright and accomplished young ladies lent the charm of their grace to the occasion and delighted all who received the benefit of their attendance.

A Journal reporter had the pleasure of a visit during the day and another at night and was both times deeply impressed with the great wisdom and wonderful taste displayed in the large capital invested. Certain it is that when a man with ample means has associated with him such rare talent in the way of taste, art and skill he affords the persons tributary to the city an opportunity rarely enjoyed. Such is the good fortune of Mr. Herman and such is the still better fortune of the ladies who desire millinery which will compare favorably with that produced in the centers of the world's fashion and at prices which place it within the reach of all.

It seems as if the attractions in the day time were all that could be asked and the reporter wandered through the mazes of elegant goods in wonder and delight, but when night came the scene seemed to be transformed to a veritable bower in fairy land and words failed to describe it adequately.

The large force of competent and attractive young ladies under the superior guidance of Mrs. Herman will continue to devote themselves to the creation of desirable adornments and the patrons of the establishment will be fortunate in availing themselves of its superior facilities.

Lake Forest-Illinois debate, college gym. Friday night at 8 p. m. Admission 25c.

Mrs. Eusign John Durrell, of Kansas City, formerly of this city, will conduct the meetings at the Salvation Army hall Saturday evening and all day Sunday.
